

Biography

Patrik Sörqvist

VP Commercial Operations

Patrik Sörqvist joined Telepo in 2007 and is responsible for pre-sales, Telepo Academy as well as the service and support organisation.

He has more than 15 years experience in the IT industry, most recently at Global IP Sound (later acquired by Google), a leading company in media processing for VoIP with clients such as Cisco Systems, Skype, Nortel, Yahoo, AOL and Google. Patrik joined Global IP Sound as a member of its management team when it was founded in 1999 and was a key contributor to its success. At the company he held a number of senior positions, such as Vice President Customer Engineering.

He is also a former Area Manager, Quality of Service, at the Ericsson IP Telephony unit where he built the methods and tools required to secure the delivery of early VoIP solutions, such as DeltaThree. Prior to that, he was a researcher in Audio and Visual Technology Research at Ericsson Research.

Patrik has a Master of Science degree in Engineering from the Royal Institute of Technology in Stockholm, is the inventor of more than five patents and has published several papers in his area of expertise.
